## EXPERIENCE

APR 2022 - PRESENT

### PRODUCT DESIGNER

#### EDENRED UAE

Business Bay, Dubai, United Arab Emirates

- Developed a new design system and improved the quality of products shipped
- Owned and led all B2B Payroll Portal overhauls, designed the MVP, and contributed to the product vision of Payroll+
- Designed a pricing landing page to promote the beta version of a new B2B Product, an HR platform that will be a major differentiator to the current products
- Collaborated with offshore developers to monitor their progress with design implementations and introduced a new format of handoff by properly annotating designs and creating user flows

NOV 2018 - JAN 2022

### PRODUCT DESIGNER

#### BFL GROUP (BRANDS FOR LESS, FZCO)

Dubai, United Arab Emirates

- Conceptualized and created UX design deliverables to provide a seamless user experience based on business objectives and requirements: user flows, wireframes (lo-fi and hi-fi), and prototypes
- Designed the MVP of Visual Search and Quick Filter for shoppers and increased conversions by almost 80% by serving related and complementary products through visual AI-powered solutions, encouraging users to interact with more product pages.
- Designed lead-generating landing pages for promotional campaigns like Ramadan and Black Friday, with a minimum order of 20,000 - 25,000 items per day, compared to average daily orders of 15,000 - 17,000 items
- Updates and maintains the CMS for scheduling of campaigns, and fixing any functionality issues, including optimizing images for maximum speed and scalability during execution
